Message from the Governor -Will Riley

Fellow New Mexicans:

My first day and a half in office has been a busy time. Working closely with the legislature. I have signed into law bills such as allowing hats indoors, increasing educational opportunities by creating Media and Financial Literacy classes. These classes will prepare the next generation for success. To improve students lives further, we have added new suicide prevention programs for public schools.

Most pressing, however, was the appointment of a cabinet. After exhaustive interviews last night, the appointments were confirmed by the senate.

Respectfully,

Will Riley

Public Notice

Attention cities of New Mexico Boys' State

The Public Regulatory Commission has awarded the Electric Company's request for a twenty-five percent (25%) increase in rates for equipment replacement. The Commission believes these replacements will be beneficial to the community as a whole and necessary for protection against electrical blackouts. This request will be put into effect within the next two (2) months.
