Message from the Governor -Kameron Urban

I am truly humbled to have been elected as your 2018 Boys' State Governor. Firstly, I'd like to thank David Fillmore, Mat Tomicek, Aaron Braddock, Lil' Xan, Erik, the City of Cortez, the county of DeCastro, and the amazing staff of volunteers who made this possible. I'd like to thank you, the gentlemen of Boys' State, for investing in the future of New Mexico, and investing in yourselves. I can't stress enough how much I believe in you and in this program. My cabinet and I will work tirelessly to represent you to the absolute best of our ability. We will honor our veterans by lowering taxes upon return from tours. We will ensure that the State of New Mexico has a reliable source of income for years and years to come by reducing our state's dependence on fluctuating oil and gas prices, so that our children never have to worry about not being able to afford new textbooks, and extracurricular activities are constantly receiving funding so they can continue to teach our youth valuable lessons and develop passionate leaders. Our homeless population will be

provided with jobs and rehabilitation programs as a means of assisting them in once again becoming productive members of society.

As you can see, I have said "we". This is because turning a state around requires every single citizen to buy in, and I will work closely with each and every one of you to create a period of prosperity and advancement, the likes of which our great state has never seen before. My administration and I will put forth the effort to represent you with valor and prowess.

As some of you may heard, I recently signed into law the "New Mexico Water Reallocation act", a much anticipated bill which has benefited all of New Mexico. This is just the start of many, many great things to come.

Yesterday, we attended the Great Debate between our top state candidates and also voted, getting the results later on. After a nice long recreation (basketball tournament), we went to the inaugural banquet and met some

big figures in the American Legion. After that, we went to Becky Sharp for the NM State Police presentation which was a great way to end the day. Overall, the day was great and what most of

us looked forward to as we looked back upon the days at Boys State 2018. Today, we could look to the Boys Nation polls and possibly the US Marshall presentation.

Rise and shine, today is the day for many. Hopes soar and minds race. State elections and the banquet were today. To kick off the festivities was the great debate between our gubernatorial candidates. The Federalist and Nationalist biggest stage. Ideas and stances were discussed, all the questions came from the people. Following that was a

blast from the past, whistle stops, originating from Abe Lincoln's time flowed through the counties and congress. After, it was time to vote. The results were quickly in and each position was filled. Recreation came and it marked the beginning of the traditional Boys' State Basketball tournament. The 2018 Inaugural Ceremonies Ban-

quet was very nice and gave an opportunity to recognize individuals who have contributed and excelled with this program. Thank you to all the hard work and sacrifice from the American Legion. Si se puede.

Today some of the citizens of Cortez won state elections. Now with Cortez in the drivers seat, the State of New Mexico can finally start to fix its problems.

Also, a bill was finally passed after a long line of fighting over the content that signs the water rights back to Cortez. This gives everyone a brighter future to look forward to.

Today's weather consisted of floods from the urricanes nearby, but other than that it was a nice day.
